

Strut*Foot*

Condenser Wall Bracket

Strut*Foot*'s condenser bracket is a flat packed solution for wall mounted condensing units. They are a self assemble system improving on the install time. The cross bar fixed to the wall allows for the arms to be spaced correctly with ease and also comes with a built in level for ease of install.

Part No	Description	Cross Bar (mm)	Support Arm (mm)	Height (mm)	Safe Working Load (kg)
SBP450	60kg Bracket	800	450	350	60
SBP550	90kg Bracket	800	550	350	90
SBH550	140kg Bracket	850	550	450	140
